17:00	Close	

Details of the ALS Meeting Agenda

Participants from overseas will arrive on Wednesday morning (3 September) and will depart on Friday (5 September). Hence Thursday (4 September) will be the action learning set working day. In addition, delegates will participate in a visit to HMP Liverpool to observe the delivery of a session of the LCP.

9.30 - 11.20

ALS Activity 1

Following the visit to HMP Liverpool the day before, ALS participants will engage in a structured reflection on what they observed and took from this visit.

ALS Activity 2

At the third ALS meeting in Turin, delegates in their national groupings produced a detailed SMART action plan. Six months later, Knowsley will be asked for a structured update on the delivery of this action plan. LJMU team will distribute information on the format for this update in advance of the September meeting.

11.40 – 13.00

ALS Activity 3

The City of The Hague will provide their structured update on their SMART action plan.

ALS Activity 4

ERI will provide their structured update on their SMART action plan.

14.00 - 15.40

ALS Activity 5

Working in national groupings, LJMU will facilitate a structured workshop that challenges participants to think carefully about the context of their interventions around reducing reoffending. The final slide of the PPT template you received in preparation for this meeting gives an insight into some of the pertinent issues. This will be followed by a feedback session.

16.00 – 17.00

ALS Activity 6

Following a short presentation, Knowsley will lead and precipitate a discussion that reaffirms the project aims, intended deliverables, and what needs to be done to achieve those aims. Where are we now? What needs to be done? What are our targets? What barriers are holding us back? These are some of the key questions to be discussed. Suggestions for the next ALS meeting will also be invited as will ideas for the 2015 end of project conference.
