Focal points local approach

Existing policy
prevention of polarisation, radicalism and jihadism

Focal points 2015-2019

- Networks and Communication
- Knowledge and Skills
- Social resilience
- Approach with a personal focus

Den Haag
Focal point: Approach with a personal focus

Target group:
- Returnees
- Potential jihadist travellers: Minors / Partners of + children (also adults)
- Detainees with a radicalism qualification

Actions:
- Bolstering the signalling process, gathering of information and fitted intervention
- Via the safety house: 1 chairman, 1 location, 1 process director, unambiguous working method
- Through regional cooperation we bolster each other and we also bolster controlled operational content, in order to influence the weakening of jihadist individuals

Den Haag
Focal point: Approach with a personal focus
Goals and target group

Objective
The case-aimed approach that contributes to decreasing the terrorist threat for the weakening of the jihadist movement in the Hague.

Target group
People with a jihadist conviction who: have intentions of travelling to Syria or Iraq (potential jihadist traveller), have travelled to Syria or Iraq, have returned from Syria or Iraq and/or are recruiters and/or facilitators.

Sub-goals

Results
Working method of four consultation methods

- Case discussion
  Individual and family focused plan of action
- Alignment discussion
